

SERIES 2 DRAIN JETTER

The Series 2 is powered by a best-in-class Kubota engine, operating a triplex plunger pump. The new compact and lightweight frame means it can be installed in the smallest vehicles with ample space for ancillary equipment.

- ▶ 3000PSI @ 9GPM
- ▶ Kubota D902 Diesel Engine
- ▶ Hydraulic Reel + Lightweight Hose
- ▶ Electronic Push-button Control

All figures are subject to VAT and are based on a 60-month duration. The finance figures supplied do not constitute a formal offer. They are merely an indication - the customer will be introduced to a finance provider who can supply accurate finance pricing based on the customer's circumstances. All prices are correct at the time of publication but may change in line with base vehicle pricing and are subject to market conditions and financial status. *Weekly and monthly equivalent.
