VAMPIRE NOZZLE

£78.65

VAMPIRE

This nozzle offers superior cleaning and unblocking power. A good all-round nozzle for the professional drain cleaner, the vampire nozzle has rear jets set to 35° and includes an optional frontal jet for pipe cleaning.

BREAKER 1/2" NOZZLE

£117.97

BREAKER

The Breaker nozzle is perfect for unblocking pipelines, removing root mass and clearing frozen systems. This nozzle is designed for fully blocked pipework and difficult cleaning tasks.

BULLET 1/2" NOZZLE

£129.21

BULLET

This small nozzle is a powerful flushing nozzle and an ideal choice for long distances and difficult unblocking. The smooth body improves movement in the pipework and includes three rear facing jets and an optional front-facing jet.

STANDARD NOZZLE 2020

£39.32

STANDARD NOZZLE 2020

The newly released Standard Nozzle 2020 has been designed for optimal use with our latest range of high-pressure jetting machines. The bulbous-head design provides more effectiveness in basic cleaning and unblocking operations and the shorter body length makes it easier for the nozzle to negotiate tight corners in pipelines. Supplied in a range of open or blind combinations.

PLEASE NOTE: These nozzles have been designed for the 1, 2, 3 and 4-Series Jetters and may not work correctly with equipment from other manufacturers.

CONFIGURATION OPTIONS

Available in 3/8", 3/4", 1" Open 5 Back | Blind 6 Back. 1/2": Open 5 Back | Open 6 Back | Blind 6 Back

BOMB JET 1/2" NOZZLE

£140.45

BOMB JET

Ideal for removing debris from heavily or partially blocked sewers and de-silting larger diameter pipework.

CONFIGURATION OPTIONS

Open 4 Back | Blind 4 Back

ROTATING NOZZLES

Rotating jetting nozzles feature heads or jets that spray in all directions. They are considered the best multipurpose drain cleaners, often used on tougher unblocking and maintenance contracts to prevent future blockages.

ALLIEN
1/2"

£179.77

ALLIEN 1/2"

The Allien Nozzle is a versatile rotating nozzle ideal for unblocking tasks in smaller drains. The rotating 20° frontal jet means easily cuts through difficult obstructions in drains such as wipes, hard deposits and small tree roots.

ALLIEN
TURBO 1/2"

£297.75

ALLIEN TURBO

A high-performance nozzle that can be utilised for numerous cleaning tasks. The rotating frontal jet means the Allien Turbo is perfect for unblocking and breaking difficult obstructions in drains. Ideal for light root-cutting and de-scaling.

TARANTULA
1/2" NOZZLE

£434.72

TARANTULA

A popular nozzle for good reason. Slow speed rotation allows the breakdown of obstacles and pipe-wall cleaning. A cost-effective nozzle designed for the toughest jobs, such as the removal of hard deposits, scale, fats and small roots.

SPECIALIST NOZZLES

Specialist nozzles can be used for a range of tasks, such as de-silting, root-cutting or the removal of deposits such as oil and grease. Specialist nozzles are often used along with fixed or rotating nozzles for optimum results.

PLOUGH
JET

£67.41

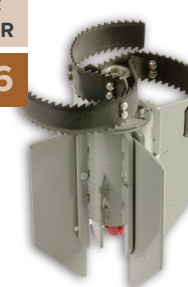

PLOUGH JET

Designed for effective silt removal, the Plough Jet comes fitted with fan jets as standard. It sits on the bottom of the pipe and is ideal for de-silting.

HYDRAULIC
ROOT CUTTER

£955.06

HYDRAULIC ROOT-CUTTER

The best solution for pipes that are blocked by roots, hard grease, compacted sand or soil. The root cutters are powerful, reliable and easy to use.

ANACONDA
NOZZLE

£117.97

ANACONDA

The Anaconda features a side jet that pushes the nozzle to one side of the catchpit or pipe in order to get access to pipelines that are less accessible using a standard nozzle.

ANACONDA
LITTLE

£95.50

ANACONDA LITTLE

Similar to its larger brother, the Anaconda Little nozzle features a side jet that aids manoeuvrability around corners and elbow connections. Ideal for use in smaller domestic drain pipes that may not be easily accessible.

WIPE
CATCHER

£151.68

WIPE CATCHER

A specialist nozzle of reduced size with high power and performance, designed to cut through and collect a mass of wet wipes in the drain. It is supplied with recyclable and replaceable plastic parts that are used to remove wet wipes.

VENTURI
NOZZLE

£101.12

VENTURI

The jetting suction ventury pump is a simple tool to empty flooded cellars, wet wells and manholes. The nozzle connects to the jetting hose and creates suction using HP water movement.
